REMARKS

Use this space to provide specific details of your qualifications which demonstrate your knowledge and competency in the fields listed in Section 350.031(5), Florida Statutes. Also, please include other comments or information you regard as pertinent to your consideration of this position.

I have spent my entire adult life dedicated to public service in a variety of different ways. Below, I have detailed a few of these experiences and characteristics which make me uniquely qualified for a position on Florida's Public Service Commission.

Much of my professional career has been focused on providing quality services and experiences to customers through my family's restaurant, which is one of the largest-grossing, family-owned, independent restaurants in the state of Florida. We employ more than 190 individuals, and serve 250,000+ customers every year during our nine-month operating cycle. Many of our employees have been with us for years, some for decades, and it takes a strong focus on compassionate leadership to ensure that our team is delivering a quality experience to our patrons.

For the last seven and a half years, I have served the citizens of Florida House District 6, representing Bay, Gulf, and Franklin counties in the House of Representatives. During this time, I drafted, presented, and interpreted proposed legislation on behalf of my district, as well as placing a priority focus on constituent services and community involvement. Serving in the Florida House has been one of the great endeavors in my life, as I helped to craft the budget and policy for the 18+ million citizens of Florida during changing times in our state and nation. During my tenure in the House, I have chaired the Health Care Policy Subcommittee, the Governmental Affairs Policy Subcommittee, and the Committee on Economic Affairs, which oversees the Economic Development & Tourism, Transportation & Highway Safety, and the Veteran & Military Affairs Subcommittees. I have also had the honor of being selected as 'Legislator of the Year' for a variety of professional associations and groups that serve citizens in our state.

While Florida faced the destruction and results of the Deepwater Horizon incident, I had the privilege of serving on the Florida Gulf Oil Spill Task Force, working with a group of our state's finest experts and professionals as we navigated through unprecedented challenges.

Before my election to the House of Representatives, I served as member and chairman of the Panama City-Bay County Airport and Industrial District, at which time the district was undertaking a relocation of their 700 acre site to a new 4,000 acre site in Bay County, which is now Northwest Florida Beaches International Airport.

I served two terms (for a total of four years) on the Florida Elections Commission, where I was appointed by both Governor Lawton Chiles and Governor Jeb Bush. I also served on the Florida Council of Vocational Education (two one-year terms) as the Student Representative on the Council.

Additionally, I have included an attachment labeled 'Patronis' which contains more details about my service and work experience.

CERTIFICATION

I have read the foregoing questions carefully and have answered them truthfully, fully and completely. I hereby authorize educational and other institutions, any references furnished by me, employers, business and professional associates, all governmental agencies and instrumentalities and all consumer and credit reporting agencies to release to the Florida Public Service Commission Nominating Council and the Florida Department of Law Enforcement (FDLE) any information, files, records or credit reports requested by the Council or FDLE in connection with any consideration of me as a possible nominee for appointment to the Florida Public Service Commission.
