# Has there ever been a more important time to stand with Israel?

# WHO CAN YOU TRUST TO PROTECT ISRAEL?

## Kendrick Meek?

- Bland promises.
- Silent on selling F-15s to Saudi Arabia.

## Jeff Greene... A Champion for Israel.

"I am a Jewish-American. I have lived in Israel and speak Hebrew fluently. In the U.S. Senate, I will champion, without hesitation or apology, the security of the Jewish homeland."

### Islamization of Europe putting Jews at risk.

"Today, anti-Semitism is masquerading as criticism of Israel. Across Europe, a growing Muslim population has gained influence and put Jews at risk. We cannot be silent while European nations attack Israel for acting in her own self-defense."

### Standing up for Netanyahu no matter who the adversary.

"At his White House visit in March, the American President refused dinner or photographs with Binyamin Netanyahu, a diplomatic snub reported widely throughout the world. Israel needs our support, militarily, monetarily and morally, more than ever before. As Senator, I will defend our Israeli Prime Minister no matter who is the adversary."

### Protecting Israel from attack.

*"I will not be silent while Israel's enemies attack her for acting in her own self-defense."*

*"Israel is surrounded by enemies intent on her destruction. Israel's right to self-defense is not negotiable."*

Jeff Greene for U.S. Senate. VOTE Tuesday, August 24.
