

Stand Your Ground Task Force TAINTED

Lieutenant Governor Jennifer Carroll Investigation

ORLANDO, FL - 6/19/12 – Critics are on the right track in doubting if Gov. Rick Scott's appointed Task Force on the Stand Your Ground law will be able to effect real change, if it's headed by Florida's Lt. Governor Jennifer Carroll, who is a subject of a felony investigation cover up.

Constitutionally, the people have the right to instruct their representatives and to petition for redress of grievances. There is what we call ethics in government a public office is a public trust. Can we trust the lawmakers where some are NRA members, who sponsored, supported, and touted the success of a law, actually reexamine the very same law without prejudice, particularly in an election year? Who are we kidding?

On Tuesday, January 4, 2011, Jennifer Carroll took an Oath Of Office to support, protect, and defend the Constitution and Government of the United States and of the State of Florida...and to faithfully perform the duties of Lieutenant Governor, so help her God.

The character of Jennifer Carroll IS questionable; here is a short list of tactics by Florida's Lt. Governor:

1. lied about the recruitment process of the Stand Your Ground Task Force
2. destroyed evidence in a felony investigation at the State Capitol
3. nepotism and misuse of office for sexual escapade
4. interfered with congressional race in Clay County with a bribe as indicated by candidate
5. falsified documents to get money from local government
6. misappropriated campaign funds for personal use
7. buried \$50 million of taxpayers' money in a bill she sponsored
8. recently keynoted a function for a group that she caused to be sued by the State to recover \$750,000
9. lost funds intended for agencies from license plate sales a bill she sponsored
10. finagled questionable agreement with a client for internet café a bill she sponsored
11. what else is anyone's guest

I am hereby calling for the removal of Jennifer Carroll from the Stand Your Ground Task Force and the office of Lieutenant Governor for not faithfully performing the duty of office.

In March 2011, Carroll's PERSONAL travel aide Bibi Ramos tried to intimidate me by tampering with my computer and setting fire to the garbage can under my desk with a lit cigar. If it were not for the heroic acts of another employee who smelled smoke and was startled by the flames, act quickly to put out the fire, the State would have suffered tremendous damage to its property. Carroll had the FDLE investigator destroy the evidence after her travel aide confess to setting the fire, and before FDLE bought in Ms. Ramos for questioning. The FDLE investigator received a gift from Carroll...a letter of recommendation for employment for cooperating with her hiding the investigation.

The People of Florida shall have the right to secure and sustain trust of government against abuse. Jennifer Carroll has repeatedly neglected to faithfully perform the duties of Lieutenant Governor, to support, protect, and defend the Constitution.

Impeach Jennifer Carroll for abuse of power. It is time that We, The People hold our elected officials accountable for their actions and remind them of the power of the people. Jennifer Carroll has abused her authority one too many times, Floridians demand better!
