The Honorable Steve Crisafulli, Speaker  
The Florida House of Representatives  
420, The Capitol  
402 South Monroe Street  
Tallahassee, FL 32399-1300

Dear Senate President Gardiner and House Speaker Crisafulli:

We write today to formally request that the Florida State Legislature conduct redistricting hearings across our great State. Further, we request that the focus of these hearings be those districts that are to be redrawn as a result of the Florida State Supreme Court's decision.

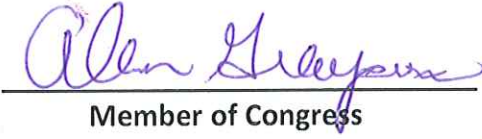

We hope you agree that those directly affected by the Supreme Court's recent ruling in *The League of Women Voters v. Detzner, et al.*, should have their views and opinions heard and considered in this important matter. The opportunity to be heard is particularly important for African American and Latino communities whose representation and voting power will be impacted by redistricting. Anything less would be a travesty since the goal is fair representation for all of Florida's citizens.

This is an urgent matter and we look forward to your timely response. The deadline is quickly approaching and action is needed immediately. Thank you for your time and consideration of this urgent matter.

Sincerely,
