TALLAHASSEE IS AT IT AGAIN

**Special Perks & Pay-to-Play Politics.
Politicians Win. You Lose.**

The corruption, cronyism and pay-to-play politics in Tallahassee have gotten out of hand. Politicians are accepting donations and perks. Special interests are getting what they want. And Florida families are paying the price.

Higher Property Taxes for Us

A property appraiser by trade, Artiles voted to raise property taxes on Florida families by \$427 million – a move decried even by his fellow Republicans.¹

**Protecting His Donors in the
Insurance Industry**

Artiles received thousands in campaign contributions from the insurance industry, and he has voted to privatize Citizens Property Insurance and protect insurance industry profits.²
