Americans Are Being Buried Under a Mountain of Debt

Barack Obama, Nancy Pelosi and Harry Reid have spent our country into the largest debt in American history – more than \$13.4 trillion.

More than \$3 trillion spent on Wall Street bailouts, automaker bailouts, rescuing Fannie Mae, insurance companies, and more.

ObamaCare passed with promises to improve American's health care system, but the fine print shows that Medicare was cut by more than \$500 billion, more than \$560 billion in new taxes to pay for the plan and higher insurance premiums for countless American families – as much as \$2,100 per year.

Marco Rubio will get our economy moving forward again and rein in out-of-control spending in Washington, D.C.
