

Bo said He spoke to Pete A

10-15-15

"Not sure what his plan is"

Told him - "you wanted to issue it today" were going to be around but heavy day in Tampa tomorrow

I said that I plan to work with them but I need to independently issue the report

I understand things better if I'm given a rationale but not hearing a rationale makes me have to guess & outsiders will only construe that I'm sitting on this pending the election - which we can't afford to do.
