To whom it may concern,

I couldn't help but notice that you directed several questions in this email towards me and I wanted to make sure I took the time to answer each one. Since I know you may delete a few words "accidentally" from my answers below I took the liberty of emailing a few journalists I trust to maintain the accuracy and integrity of my answers. I hope you don't mind. Please feel free to reach out again, if you have more questions.

Sincerely,  
Sen. Dwight Bullard

Fellow Americans,

Last week, one of the top political papers in Florida reported what many of us already knew: President Obama declined to endorse Dwight Bullard because of his ties to a foreign terrorist group that has murdered innocent Israeli's, and because Bullard previously supported Fidel Castro and other dictators like Ayatollah Khamenei from Iran.

As the paper points out, Bullard refuses to apologize for meeting with and supporting these terrorist groups and radical dictators, which is outrageous. [Click here to see the article from yesterday.](#)

There are so many questions that need to be answered, such as:

- Why is someone that supports Fidel Castro and meets with foreign terrorist groups teaching kids in our public schools?

I've never met with Fidel Castro or the terrorist groups you speak of. I teach because I'm passionate about making sure our future is brighter than our past.

- Why is the teachers union spending members dues to support someone who may be anti-semitic?

The teachers union supports people that support public education and I have been the most outspoken supporter of public education in the Florida Senate. I have never been anti-Semitic.

- Did Jewish teachers approve this? Does Dwight hate America?

Yes teachers of every religion, ethnicity and walk of life have supported this campaign and previous campaigns of mine. As a 17 year public school teacher I have watched America's future walk through my classroom and I appreciate and respect each one of those students. I love this country, because unlike some other countries you can shape the future and I have as both a teacher and elected official.

- Is he helping these terrorist groups?

NO

- Is the FBI investigating Dwight Bullard for his terrorist ties?

No because I don't have terrorist ties.

Senator Bullard and his supporters have serious questions to answer...

As you can see above I've answered ALL of your questions. Don't forget to VOTE on November 8th #TeamBullard
