

I Don't Want Islamic Shariah Law in my country because...

Today's P.I.

Under Shariah law, women

- have half the rights of men (Sura 2:282)
- must veil themselves in public (Sura 24: 31)
- are inferior to men. (Sura 2: 228)
- may be beaten by their husbands. (Sura 4:34)

Under Shariah law, sons and daughters

- do not have religious freedom (Sura 3:19)

No thanks!!

And No way!!

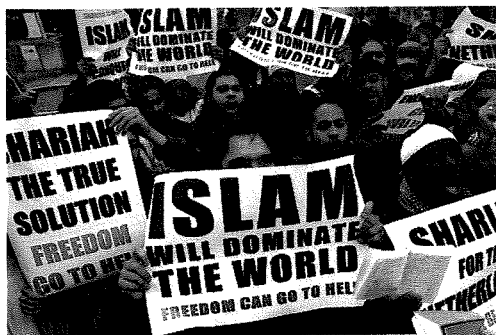

Under Shariah law, non-Muslims

- have to pay a poll tax to support Islam. (Sura 9:29)
- are subject to banishment, amputation, and death (Sura 5:33)

I may be young, but I'm smart, and I know that these Islamic laws violate American Constitutional law. I am counting on the adults in my family, in my state, and in my country to protect me and my freedom.

Sincerely,

The Next Generation of Americans

This is not the fringe but the norm of Tsunami Islam. It hates democracy.

Save us!

Yes, we go to school and we can read the signs, websites, emails and sensitivity training propaganda!
